

## Linear Slot Diffusers

Woodflo Linear Slot Diffuser range of grilles provides a fresh and modern looking alternate for ceiling or wall mounted supply air diffusers.

Manufactured from extruded aluminium and engineered to Internationally recognised standards, this range of diffusers complies with Australian Standards.

These diffusers are available as fixed or removable core ranging from 1-8 slots with 20mm or 25mm spacing. Powder coated white as standard with black dampers; we also offer a variety of other colours to suit your interior.

Airflow pattern control is adjustable from the diffuser face and is achieved by means of an adjustable damper in each slot. Maximum Length for fixed core is 6000mm and removable core is 4000mm. Continual lengths are also available upon request.

Fixed Core							
20mm Spacing				25mm Spacing			
Slots	Neck Size	Face Size	Box Size I.D	Slots	Neck Size	Face Size	Box Size I.D
1	43	74	48	1	49	80	54
2	80	111	85	2	90	121	95
